

# Simple, Effective Lab Products.

Simple products that get the job done easily and effectively - DLS Lab Equipment. Choose from a fully automatic Burnout Oven that has been well known for over 10 years which is still the easiest oven to operate and maintain. We also manufacture a Bench-Top Dust Collector that can be used for catching the dust of acrylic grindings and other light particles. The Wax Dipping Pot is a perfect addition to any lab with it's sheet metal construction and precision heat control. Look to DLS for your next purchase on dental lab equipment and parts and don't forget to check out our Quiet Air Compressors.
